Sines et al v. Kessler et al

Defendant's Objection to Notice of Deposition

I, Defendant Christopher Cantwell, write to object to Plaintiffs' recent Notice of Deposition, dated March 3rd 2021. Plaintiffs assert their intent to depose me beginning March 19th, and ending whenever they see fit.

Answering Defendant objects to this notice as untimely, and unduly burdensome. This lawsuit was filed in the year 2017. Owing to the non-compliance of other Defendants, and the now all encompassing excuse for all things, the COVID-19 virus, the trial has been delayed over and over again. The Plaintiffs have nonetheless had more than ample time to conduct their investigations. They should not, as a result, be granted limitless time and scope to invade the lives of their targets.

If the Plaintiffs cannot prove their case after more than 3.5 years, they will never be able to prove it. They never intended to prove it, and have used these myriad excuses for delay as a means by which to extend their share of process.

This trial should have happened by Summer of 2019. Had that timeline been met, the staggering lack of evidence for their abundant false claims would have brought these abusers to a prompt and embarrassing end. Instead, every opportunity has been taken to make the process as lengthy and painful as possible, salting wounds, twisting blades, and making outrageous claims in the media.

I therefore request the court deny the Plaintiffs' this untimely deposition, and, to appoint for me, at Plaintiffs' expense, a guardian ad litem to assist me in whatever obligations this abuse of process still imposes on me. I am incarcerated, indigent, and without representation. The Plaintiffs are clearly abusing me based on this vulnerability.

Respectfully Submitted - Christopher Cantwell
